VISION MISSION & VALUES

VISION

To be a trusted and preferred contracting and trading partner, recognized for quality, reliability, safety, and professional excellence. We aim to expand our capabilities, embrace innovative solutions, and build long-term relationships while contributing to the successful growth of our clients and the communities we serve.

MISSION

Our mission is to deliver dependable contracting, equipment rental, manpower, and material supply solutions that meet our clients' requirements efficiently and professionally. We are committed to quality, safety, timely delivery, skilled resources, and responsible business practices while continuously improving our services and creating lasting customer value.

VALUES

Integrity, Quality, Safety, Reliability, Customer Focus, Teamwork, Professionalism, and Continuous Improvement guide everything we do. We believe in transparent business practices, delivering on our commitments, maintaining high standards, respecting our people, and building strong partnerships through trust, accountability, and consistent performance.

SAFETY POLICY

At Qimmat Al Rakah Contracting & Trading Establishment, we are committed to protecting the Health, Safety, and Environment (HSE) of our employees, clients, contractors, visitors, and the communities in which we operate.

We conduct our Industrial Contracting, General Contracting, Equipment Rental, Manpower Supply, and Material Supply activities with a strong focus on safe and responsible practices. We comply with applicable laws, regulations, client requirements, and recognized HSE standards.

Our commitment includes:

- Providing a safe and healthy workplace for all employees and stakeholders.
- Identifying hazards, assessing risks, and implementing effective preventive and control measures.
- Providing appropriate personal protective equipment (PPE), training, supervision, and safety awareness.
- Maintaining equipment, tools, and machinery in safe operating condition.
- Preventing accidents, injuries, occupational illnesses, and unsafe practices.
- Protecting the environment through responsible waste management, pollution prevention, and efficient use of resources.
- Preparing for emergencies and maintaining effective emergency response procedures.
- Encouraging employees and contractors to report hazards, incidents, and unsafe conditions without hesitation.
- Continuously monitoring and improving our HSE performance.

Management is responsible for providing the resources and leadership necessary to implement this policy. Every employee and contractor is expected to take responsibility for their own safety and the safety of others. Safety is a shared responsibility, and we are committed to achieving continuous improvement in HSE performance across all our operations.
